What is this type of insurance?

Pet insurance is an annual contract that helps you pay for the cost of vet treatment if your pet is ill or is injured. **This policy gives you up to £1,500 or £3,000 depending on the limit you have chosen for vet fees.** Each accident or illness is covered for up to 12 months from the start of treatment or until your vet fee limit is reached, whichever comes first, as long as your pet remains insured with us.

Pets cost more to insure as they get older, as like us, with age they are sadly more likely to get ill. That's why it's important you budget for renewal prices to increase each year, how much they go up is different for everyone and depends on things like your pet's breed, their age and health. Once a pet has been ill, they are generally more likely to get ill again. That's why, if a claim is paid, the price you'll pay next year can double and there is no limit to how much your renewal price can increase over time. Your excess will also increase when your pet turns nine.
