

# In Focus.

## Specialty Lines: Expertise where it matters.

Welcome to the latest Specialty Lines newsletter. This edition focuses on casualty risk, emerging exposures and specialist expertise across complex and multinational business. We're also introducing our new Data Centres proposition alongside updated factsheets and how you can connect with us at AIRMIC.

In this short video, Jon Cope shares his view on the market, the importance of relationships and how Intact Insurance continues to invest in specialist expertise and global capability.
