Any One Claim basis

Approved Insurer wordings for ICAEW and RICS members

Product information.

Great professional insurance made simple

From freelancers to established consulting firms, anyone offering professional services risks claims of negligence when the advice or service given fails to meet client expectations.

That's where we come in - from claims that can range from breach of contract to defamation to IP infringement, at Intact Insurance we have the expertise and know-how.

For mid-market businesses

For businesses with an income above £1m, our specialist regional underwriters will work closely with you to create the right solution for the business.

For small businesses

eTrade have specific parameters for target customers to allow straight through trading:

- Accountants with a maximum turnover of £1,000,000
- Surveyors with a maximum turnover of £1,500,000
- Engineers with a maximum turnover of £1,500,000
- General consultants/Business services with a maximum turnover of £2,000,000
- Media/technology consultant with a maximum turnover of £2,500,000

Clear, concise, competitive

This product is designed to make arranging Professional Indemnity Insurance straightforward and efficient - whether you prefer working with an underwriter in your region or trading online. Our goal is to simplify the process and help you explore options that fit your needs.

Decisions you can trust

Our specialist Professional Indemnity underwriting team is ready to provide clear, tailored guidance by phone or email, backed by deep expertise across a wide range of professions. For queries about eTrading, our Live Chat service is also available to provide support.

Competitive pricing across economic cycles

We offer competitive pricing for target customers across a wide range of professions.
