MORE TH>N WELCOME

Thank you for choosing MORE TH>N for Pet Insurance, your furry friend is in safe hands.

As a pet owner, you will know that a healthy pet is a happy pet. And in the event that your pet has an accident or becomes ill you will want to ensure that they get the very best care.

Of course we hope that your pet doesn’t have to make too many vet visits – not only are they traumatic for most dogs and cats, but they can also be expensive and inconvenient for their owners! To help prevent unnecessary vet visits, we offer all of our Pet Insurance customers vetfone, a 24/7 freephone advice line manned by qualified RCVS (Royal College of Veterinary Surgeons) vet nurses.

At MORE TH>N our focus is on providing the optimum level of Pet Insurance to suit your needs, and ensuring that if you do ever need to make a claim, that the process is as smooth and efficient as possible. This will allow you to focus on the important things – getting your pet back onto its paws as quickly as possible.

Depending on your level of cover, our Pet Insurance will also help you out if your pet should go missing, or need emergency boarding if you should fall ill yourself. And on some policies we’ll even cover vet care abroad if your pet falls ill whilst on holiday.

In order to understand your pet’s policy cover, and to ensure you have the right level of cover, please read this Policy and Schedule. Your Policy and Schedule are evidence a contract exists between you and us, so please read the next few pages carefully to ensure the cover is exactly what you need, then keep them in a safe place.

Please also ensure you understand your Excess. This is the amount you will need to pay in the event of a claim.

And finally, we’re here to help if you have any questions, so please do call us if you’re unsure about anything or need to amend your policy.

THE INSURANCE CONTRACT

This Policy is a legal contract between you and us. The Policy and Schedule make one document and must be read together. Please keep them together.

The contract is based on the information you provided when you applied for the insurance.

Our part of the contract is that we will provide the cover set out in this Policy for:
• those Sections which are shown on the Schedule;
• the period of insurance set out on the Schedule.

Your part of the contract is you must:
• pay the premium as shown on the policy Schedule;
• comply with all the conditions set out in this Policy.

If your part of the contract is not met, we may turn down a claim, increase the premium or you may find that you do not have any cover.

We can choose not to offer renewal of a policy, if we do, we would let you know in advance of your renewal date so that you have enough time to make alternative insurance arrangements.

ACCIDENT ONLY: VET FEES COVER

Your schedule will show you if you have chosen the Accident Only cover level. When you’ve selected Accident Only cover you can buy the following optional covers: Lost and Found Cover, Farewell Cover. If you have bought them, they will appear on your schedule. You can only buy them when you first buy your policy or when you renew your policy.

HOW ACCIDENT ONLY WORKS

This cover pays vet fees until your limit is reached, or until 12 months of treatment is given from the date that treatment first starts, whichever happens first. So that we can provide vet fees for up to 12 months of treatment, your policy must remain in force without a break in cover and your premiums must be paid. Once you have had 12 months of treatment or your limit is used up you will not be able to claim for any further vet fees for that accident. Your premium, excess, benefits and policy terms and conditions can change. New developments in diagnosis and treatments have meant that vets can give even better care, which means an increase in vet costs. Cats and dogs are more prone to illness and ailments as they get older. Your price will increase at renewal, because of this likelihood and also when a claim has been paid. Your excess will increase when your pet turns 9.

If your premium, excess, benefits or policy terms and conditions do change, we will always provide full details to you before your renewal date.

Please refer to your Policy Schedule for details of the policy excess applicable to your Pet(s).

You will only be able to claim for vet fees in the UK, Isle of Man and the Channel Islands.

MEDICATION

This policy does not provide cover for all medication that you or a vet may give to your pet.

PREMIER: VET FEES COVER

Your schedule will show if you have chosen the Premier cover level. Premier cover automatically includes Lost and Found Cover, Pets Abroad Cover and Farewell Cover.

HOW PREMIER COVER WORKS

Premier provides cover for treatment costs for ongoing or one off conditions. Your schedule will show you your vet fees limit and any limit for each condition that may apply to you. As long as you renew your policy with us, there is no break in cover and you pay your premium, we reinstate your vet fees limits each year. So, if while insured with us, your pet starts to develop an ongoing illness, like diabetes or arthritis, or a reoccurring illness like an ear infection, we do not put a time limit on how long treatment can last. If your claims reach your vet fees limit(s), you will have to pay any treatment bills yourself until your policy is renewed again.

Your premium, excess, benefits and policy terms and conditions can change. New developments in diagnosis and treatments have meant that vets can give them even better care, but means an increase in vet costs. Cats and dogs are more prone to illness and ailments as they get older. Your price will increase at renewal, because of this likelihood and also when a claim has been paid. Your excess will increase when your pet turns 9.

If your premium, excess, benefits or policy terms and conditions do change, we will always provide full details to you before your renewal date.

Please refer to your Policy Schedule for details of the policy excess applicable to your Pet(s). You will be able to claim for vet fees in the UK, Isle of Man and the Channel Islands and countries that are non-EU members of the PETS travel scheme as defined by DEFRA as long as you comply with the terms and conditions of the PETS Travel Scheme.

MEDICATION

This policy does not provide cover for all medication that you or a vet may give to your pet.

PET'S ABROAD COVER

This section is included if you have chosen the Classic or Premier cover levels. You can choose to add it if you have the Basic cover. This section is not available if you have chosen the Accident Only cover level.

As a resident of the United Kingdom, you are able should you wish, under the United Kingdom Government Pet Travel Scheme, known as PETS to take your pet temporarily to certain countries and return home without putting your pet into quarantine.

This cover is subject to the regulatory environment allowing pet travel to continue.

The scheme is administered by DEFRA (the Department for Environment, Food and Rural Affairs) and you need to comply with the criteria set out by them.

To help you comply and for guidance, we have included some information on the scheme (details can change, so you will need to check when you intend to travel) and the phone number for DEFRA is shown on the back page.

DEFRA requirements for travelling abroad with pets to EU countries:
Your pet must:
• be microchipped with a microchip of the following standard: ISO Standard 11784 or Annex A to ISO Standard 11785;
• be vaccinated against rabies (there is a 21 day waiting period before travel is permitted);
• have pet travel documentation – otherwise known as the EU Pet Passport;
• have tapeworm treatment (dogs only) administered by a vet not less than 24 hours and not more than 120 hours before entering the UK;
• travel with an approved transport company (carrier) on an authorised route.

We have provided insurance cover for the various aspects of PETS, plus other cover that will be useful for your trip.

This cover only includes travel to the European Union (EU); if you wish to travel with your pet to countries outside of the EU, please contact the customer service line using the details on the back page.

Vet fees
Vet fees in the EU. Your UK vet fees cover is extended, and you can use it to pay for vet fees while you and your pet are in the EU.

This extension does not increase the limit we provide for your UK vet fees.

The same one overall limit for vet fees applies for claims that occur in both the UK and EU.

Your carrier must be a transport company approved by the United Kingdom Government to carry animals in accordance with the Pet Travel Scheme (PETS).

The most we will pay for each pet for each period of insurance is shown on the cover level table on page 6.

We will not pay for:
1. anything that is not covered under your vet fees in the UK section of cover; 2. any claim resulting from a condition you knew about before booking your holiday/trip or before your cover start date.

HOW TO MAKE A CLAIM

Our aim is to provide a fast and efficient claims service to ensure payment to you of any valid claim as quickly as possible. To help us achieve this please read this section carefully, note the information we require for each type of claim and send your claim to us promptly. To download a claim form, please visit www.morethan.com/claims or phone us on 0330 100 7801. Tell us if it is a Third party claim form you need. Please make sure you have read the conditions and exclusions on pages 22-24.

We do not cover the cost of completing claim forms, obtaining receipts, invoices or reports required as part of the claim.

We do not pay the cost charged by a vet to fill or provide a prescription.

Always quote the policy number printed on your policy schedule every time you contact us.

VET FEES

Please let us know within 31 days of your vet telling you that treatment is needed and not later than 60 days after treatment starts.

If you have not told us about a claim within 60 days of it occurring, we will not pay the claim.

If you have vet bills that are 12 months old or older and you have not passed them to us, they will not be paid.

Do not forget that if your pet needs to be treated by a referral vet, your usual vet will let you know which referral vet from our preferred referral vet network you should go to. If a referral vet from outside our network is chosen, you will need to pay £200 of the referral vet bill yourself. This amount is in addition to your policy excess.

If your pet needs emergency treatment for a situation that if not resolved immediately will lead to a loss of life or cause a serious threat to the present or ongoing health of your pet you can visit any vet and you will not have to pay the additional £200 excess.

Details of the vets in our preferred referral network can be found on morethan.com/claim. If you need help or advice about which vet to visit, please contact the MORE TH>N Vet Referral Helpline on 0330 100 6445 before an appointment is made.

A referral is what happens when your usual vet advises you that there is a need to go to another vet for a certain procedure, for example a surgery or treatment. This may occur if a condition or treatment needed is outside of your usual vet’s area of expertise. You might be asked to visit a different veterinary centre/hospital/practice, or another branch of your existing practice. After a referral visit and any required treatment takes place it is normal for future visits to be with your usual vet.

You must keep all invoices and receipts that your vet gives you in connection with your claim and send these along with a complete medical history for your pet to us. This must be a record of all visits your pet has made to a vet and this information can be obtained from each vet practice your pet has attended.

If your vet tells you that treatment will happen all at once or over a few visits, you can send the completed claim form along with all the information detailed above to us once all the treatment is completed.

Or if your vet is treating a condition that is going to require long term treatment, please send us a claim form completed by you and your vet, along with all the supporting information detailed above within three months of the treatment starting, after that you can then send us claims for any ongoing treatment including updated medical records showing the treatment your pet has received, invoices and receipts every three to six months. If any information we have asked for is not provided it will delay your claim.

Please make sure that all claim forms are signed by you and your vet.

We can arrange to pay most vets directly. Please ask your vet if they are happy to do this, and if we are able to, we will take care of the rest.

We will need you to agree that your current, previous or referral vet may release information or records regarding the medical history, including test results for any pet insured with us.

We do not pay the excess, as that is the part of the claim you must pay. Your policy schedule will tell you what this amount is. If there is any amount other than the excess that we cannot pay because the costs are not covered by your policy, we will tell you. You must settle with your vet, any amount not covered by the policy.

We may ask your vet to provide additional information regarding your claim.
ACCIDENTAL DAMAGE
You will need to provide a letter to us detailing the exact circumstances of the claim including photos and a description of the damaged items, the original purchase price and the cost of replacing or repairing the item(s).

DEATH FROM ACCIDENT/DEATH FROM ILLNESS
We will need you to provide a veterinary certificate stating the date and cause of death. If your pet was put to sleep, we will need a veterinary certificate stating that this was necessary for humane reasons to stop incurable suffering.

We will also need a pedigree certificate if you have one and receipt for the original purchase/donation price paid for your pet.

If you are unable to provide proof of what you paid, we will pay the cost of a similar pet based on the breed, sex and date of birth at the time you became the owner of your pet up to the limit shown on page 6.

EMERGENCY BOARDING/EMERGENCY PET MINDING
We will need you to provide receipts detailing dates, daily costs of boarding and expenses you have paid. For daily minding, we will need you to provide written confirmation that the person caring for your pet has been paid the amount agreed by us.

You must also provide confirmation of the period you or your family members were in hospital. We will need a medical certificate or written confirmation from the treating doctor or the hospital that confirms the dates of the hospital admission and later discharge from hospital.

THIRD PARTY LIABILITY
Please notify us immediately that you become aware, if your pet is involved in an incident, which may give rise to a Third Party claim.

If you receive any correspondence, writ, summons or any other legal document from or on behalf of the Third Party you must not answer any of these but they should be forwarded to us immediately.

LOST AND FOUND COVER
You must also report the loss of your pet to your local rescue centres and veterinary practices.

If your dog is lost you must report this to the police and, if you have one, the dog warden within 24 hours of discovery and provide their reference number to our claims department. We will ask for confirmation that you have done this.

You must not pay the finder any reward yourself; any reward amount must be agreed with us first before the amount is advertised. Please provide us with the finder’s details to allow payment to be made directly to them.

We will require receipts for all advertisements placed and materials you wish to claim for along with details of the amount of reward that you advertised.

We will also need a pedigree certificate if you have one and receipt for the original purchase/donation price paid for your pet.

Lost or stolen pets – if there is no recovery of your pet after 90 days, you will then need to provide a covering letter and provide the information detailed above.

If you are unable to provide proof of what you paid, we will pay the cost of a similar pet based on the breed, sex and date of birth at the time you became the owner of your pet up to the limit shown on page 6.

In the happy event that your pet is found or returns after we have paid your claim, you must refund to us the full amount we paid you for the purchase/donation price.

PETS ABROAD COVER
If you incur costs while temporarily travelling on a trip in the EU, you will need to make payment yourself first.

Settlement will then be made to you in sterling at the current rate of exchange.

REPEAT WORMING TREATMENT
We will need confirmation that:
• the initial worming treatment was completed and carried out in the time-scale required by the Pet Travel Scheme;
• the repeat worming treatment was necessary in order to comply with the Pet Travel Scheme.

Plus written confirmation from your carrier (or their handling agents) of the delay. Any claims that are not supported by all relevant receipts and confirmation of expenditure including documentary evidence that the initial worming treatment was administered, will not be paid.

LOSS OF HEALTHCARE CERTIFICATE
We will need receipts and proof of purchase for the replacement healthcare certificate.

QUARANTINE COSTS
We will need confirmation that your pet was microchipped prior to your journey with a microchip of the type required by PETS. Plus receipts or proof of purchase or bills for any quarantine kennelling or other costs claimed for.

EMERGENCY EXPENSES ABROAD
We will need receipts or proof of purchase or bills for all costs and expenses claimed for.

HOLIDAY CANCELLATION/CUTTING A TRIP SHORT
We will need cancellation invoices from your travel agent, tour operator or other holiday sales organisation. The invoices must show the dates and total cost of your holiday, confirmation that payment had been made, the date you decided to cancel or cut short your trip and details of any expenses that you cannot recover.

FAREWELL COVER
You will need to get details from your vet, at your own expense, showing the date and cause of death. If your pet was put to sleep, you will need to ask your vet to state that this was necessary to stop incurable suffering.
POLICY CONDITIONS APPLICABLE TO THE WHOLE POLICY

These are the conditions you and your family will need to keep to as your part of this contract. If you do not, a claim may be rejected or payment could be reduced. In some circumstances your policy might be invalid.

FRAUD

If dishonesty, exaggeration or false documentation is used by you or your family or anyone acting on behalf of you or your family to obtain or support:
- a claims payment under your policy; or
- cover for which you do not qualify; or
- cover at a reduced premium;
all benefits under this policy will be lost, the policy may be invalid, you may not be entitled to a refund of premium and legal action may be taken against you.

PROVIDING INFORMATION

You must agree that your current or previous vet may release information or records regarding the medical history, including test results for any pet insured with us.

VACCINATIONS AND CARE

It is your duty as the owner of your pet to manage your pet’s weight by taking advice and making yourself aware of the acceptable weight range for your pet at the various stages of its life, you must take steps to prevent or reduce the increased health risk that being obese or underweight can bring. If you need help or advice contact vetfone on 0800 072 8190 or ask your vet.

You must also provide proper care and attention to your pet at all times and take all reasonable precautions to prevent accidents, injury or damage.

You must have your dog vaccinated against distemper, hepatitis, leptospirosis and parvovirus; have your cat vaccinated against infectious enteritis, cat flu and feline leukaemia. If your pet is not vaccinated, we will not pay any claims that result from any of the above illnesses, unless the vaccination has failed.

TRANSFERRED YOUR INTEREST IN THE POLICY

You cannot transfer your interest in this policy to anyone else without our written permission.

RENEWAL TERMS

At the end of each period of insurance, your premium, excess, policy benefits, and terms and conditions can change. New developments in diagnosis and treatments mean that vets can give even better care, but this means an increase in vet costs. Cats and dogs are more prone to illness and ailments as they get older. Your price will increase at renewal, because of this likelihood and also when a claim has been paid. Your excess will increase when your pet turns 9.

If your premium, excess, benefits or policy terms and conditions do change, we will always provide full details to you before your renewal date.

FINANCIAL SANCTIONS:

We shall not provide any cover or be liable to provide any indemnity, payment or other benefit under this policy to the extent that the provision of such cover, indemnity, payment or other benefit would expose us to any sanction, prohibition or restriction under United Nations resolutions or the trade or economic sanctions, laws or regulations of the European Union, United Kingdom, United States or other country of policy issue. If any such resolution, sanction, law or regulation takes effect during the period of insurance we may cancel this policy immediately by giving you written notice at your last known address.

HOW WE USE YOUR INFORMATION

Your privacy is important to us and we are committed to keeping it protected. We have created this Customer Privacy Notice which will explain how we use the information we collect about you and how you can exercise your data protection rights. This privacy notice will help you understand the following:

WHO ARE WE?
We are Royal & Sun Alliance Insurance plc (RSA), we provide commercial and consumer insurance products and services under a number of brands, such as MoreThn. We also provide insurance services in partnership with other companies.

WHY DO WE COLLECT AND USE YOUR PERSONAL INFORMATION?

As an insurer, we need your personal information to understand the level of insurance cover you require. We’ll use this information (e.g. your name, address, telephone number and email address) to communicate with you and if you have agreed, to send you news and offers related to our products and services.

We need to use your information to create a quote for you, allowing you to buy insurance products from us. When buying a product from us, you’ll also need to provide us with details about the items you wish to be covered by the insurance (e.g. car make and model, your home).

We may need to check information you have submitted with external companies/organisations (e.g. the DVLA, the Motor Insurance Database, credit reference agencies and criminal conviction checks.) When buying certain products, sometimes we will ask for special categories of personal data (e.g. driving offences for motor insurance, medical records in case of injury).

Once you become a customer, we’ll need to take your payment details to set up your cover. This could be direct debit, credit or debit card information. To service your policy, we might contact you via our website, emails, telephone calls or post. When using these services we might record additional information, such as passwords, online identifiers and call recordings.

For some of our products, we may collect information through smart sensors to assess your insurance needs (e.g. a black box installed in your vehicle when you buy a telematics driving product, which collects and uses geo-location and driving behaviour data).

If you need to claim against your insurance policy, we will need to collect information about the incident and this may be shared with other selected companies to help process the claim. If other people are involved in the incident, we may also need to collect additional information about them which can include special categories of personal data (e.g. injury and health data).

In submitting an application to us, you may provide us with equivalent or substantially similar information relating to other proposed beneficiaries under the policy. You agree that you will bring this Privacy Notice to the attention of each beneficiary at the earliest possible opportunity.

Data protection laws require us to meet certain conditions before we are allowed to use your personal information in the manner described in this Privacy Notice. To use your personal information, we will rely on one or more of the following grounds:

• Performance of contract: We need to use your personal information in order to provide you with the policy (which is a contract of insurance between you and us), and perform our obligations under it (such as making payments to you in respect of a claim made under the policy).
• Consent: In certain circumstances, we may need your consent unless authorised by law in order to use personal information about you which is classed as “special categories of personal data”.

For marketing, you will always be given a choice over the use of your data.

• Necessity to establish, exercise or defend legal claim: If you, or we, bring a legal claim (e.g. a court action) against the other, we may use your information in either establishing our position, or defending ourselves in relation to that legal claim.
• Compliance with a legal obligation: Where laws or regulations may require us to use your personal information in certain ways.

• Legitimate Interests: We will also process your personal information where this processing is in our “legitimate interests”. When relying on this condition, we are required to carry out a balancing test of our interests in using your personal information (for example, carrying out market research), against the interests you have as a citizen and the rights you have under data protection laws. The outcome of this balancing test will determine whether we can use your personal information in the ways described in this Privacy Notice. We will always act reasonably and give full and proper consideration to your interests in
approved by the European Commission. If you would like further information about the EU-US Privacy Shield, and the standard contractual clauses in doing so may rely on certain “transfer mechanisms” such as reasonable steps to ensure that your personal information is protected when transferred to a country or territory outside of the EEA. Where possible, we’ll collect your personal information directly from you. However, on occasion we may receive details about you from other people or companies. For example, this might happen if:

- It was given to us by someone who applied for an insurance product on your behalf (e.g. an insurance broker, a family member) where you have given them the permission to do so, or;
- It was supplied to us when you purchased an insurance product or service that is provided by us in partnership with other companies, or;
- It was lawfully collected from other sources (e.g. Motor Insurance Database, Claims and Underwriting Exchange or fraud prevention databases) to validate the information you provided to us.

We request those third parties to comply with data protection laws and to be transparent about any such disclosures. If you would like some further information, please contact us.

- **Pricing and Underwriting** – this process calculates the insurance risks based on the information that you have supplied. This will be used to calculate the premium you will have to pay.
- **Credit Referencing** – using the information given, calculations are done to evaluate your credit rating. This rating we will help us to evaluate your ability to pay for the quoted products and services.
- **Smart Sensor Data Analytics** – an insurance product that collects your information using smart sensors (e.g. in car black box) to calculate your insurance risk (e.g. driving score). This may then be used to determine your policy rewards (e.g. cash back for safe driving) and to calculate your policy renewal premium.
- **Automated Claims** – some small claims may qualify for automated processing, which will check the information you provide, resulting in a settlement or rejection of your claim.

The results of these automated decision-making processes may limit the products and services we can offer you. If you do not agree with the result, you have the right to request that we perform a manual reassessment using the same information that you originally provided. If you wish to do so please contact us.
