

Super Yacht Factsheet

A comprehensive all risks cover for owners of superyachts, focusing on the larger end of the market, which is traditionally professionally skippered and crewed.

Appetite Coverage

We have a broad and varied appetite within the Super Yacht class. Our Super Yacht practice provides comprehensive cover for owners of superyachts.

It doesn't place any geographical restrictions in terms of navigating and is aimed at professionally skippered and crewed vessels, which are 30 meters or more in length. Using our dedicated risk consulting capabilities, we survey every yacht we insure. By evaluating each yacht, we offer owners, captain and crew a bespoke proposition to cover their vessel, but also tailored advice on how to reduce, manage and minimise their risk profile.

Target Audience / Customer

Our Super Yacht product focuses on the distribution of yachts via London, European, and US brokers, either on a wholesale or retail basis.

The risk location is determined by the domicile of the insured, which is typically where the company is registered.

Key Features of Coverage

Super Yacht insurance provides comprehensive cover for a variety of aspects, including (but not limited to):

- Hull

- Maintenance whilst in a shipyard
