

Virtual GP care that makes healthier possible

Access your healthcare by phone, video or app, whenever and wherever you need it most.

Right Time Health

You now have access to Right Time Health from RSA Insurance. Powered by Teladoc Health, this gives you access to 24/7 UK GP services by phone.

Need care for non-urgent and common conditions? Our GPs can diagnose, treat and even prescribe medicine for ailments such as:

96%

of users would recommend service*

55%

did not need a face-to-face appointment after speaking to our GPs**

- Allergies
- Bronchitis
- Flu
- Pink eye
- Rashes
- Sinus infections
- Sore throats
- And more

"I feel extremely lucky to have this resource available, especially with NHS resources so over-stretched. It was truly relieving to gain access to the right medications at a worrying time for both of us.
