RSA can accommodate businesses of all sizes - SME's, private companies
AIM and FTSE listed companies - in a wide range of industries and sectors.

What sets RSA apart?

1. Risk

We can cover most businesses big and small

2. Underwriters

Regional offices team to provide local underwriting expertise, backed by in-house ProFin claims teams in Glasgow and Horsham

3. Claims

90% of claims are handled "in-house"

One of the market leading wordings written on an any one claim basis and singular clause

Cover includes Cyber and 'Social Engineering' scenarios

Cover can include full retroactive coverage (for new purchasers)

Unique to the market policy wording 'Fraud by any person' coverage

Product information

All risks protection

This policy covers a wide range of crimes against businesses, including theft, identity fraud, and malicious data damage. We provide it on an all-risks basis, giving businesses comprehensive cover against crime from inside and outside the company.

Comprehensive Cover

- **All-risks cover** – providing protection for all your customer's crime exposures.
- **Extensive theft coverage** – covers theft by anyone, whether employed by the company or not, with no limit on the theft by third parties.
- **Expenses included** – a comprehensive expenses cover is included automatically.
- **Automatic extensions** – from court compensation to PR fees, it's all included.

Contact Us:

For larger companies or businesses with more complex risks, contact our specialist underwriting team, or contact your usual RSA representative.
